Capital Markets Event

A Deep Dive into Digital Commerce

Ascential plc (LSE: ASCL.L), the specialist information, analytics and eCommerce optimisation company, is hosting a capital markets event today in London.

The event will be hosted by Duncan Painter, Chief Executive, together with leaders from the Digital Commerce business unit. Covering the significant developments in digital commerce, how Ascential solves customers' global challenges and the size of the market opportunity, the event's objective is to demonstrate how Ascential is positioned to grow and win in this market.

In relation to this, Ascential will set out a medium term financial goal for the Digital Commerce business unit: seeking to more than double its current run rate* revenues by 2024, on an organic basis, while maintaining an adjusted EBITDA margin in excess of 20%.

Key presentations will be available on the Ascential website, www.ascential.com following the event.

* Revenue for 12 months ending 30 June 2021, proforma for the full year effect of recent acquisitions, was £149m.
